US CITIZENSHIP NATURALIZATION CEREMONY

New Americans Celebration is an annual day of education and outreach for refugees and immigrants, and for all Georgians who support them. Each year, we welcome 200+ volunteers to the Georgia State Capitol to engage legislators and tell them why refugees should continue to be welcomed in Georgia.

Never been to the Capitol? Don't worry! Each year, over 60% of our volunteers are visiting for the first time. We hold a training and rally so everyone learns just how easy it is to share their support for refugees and immigrants with their legislators. Guests are asked to please register before arrival.
